Feedback of some GLOBAL clients of NQA

"Going for certification undoubtedly gave us a platform to go to staff and say: 'We are one of the first companies to go for this standard, we're really proud of it and you should be too. 'It gives something over and above the usual 'switch it off' campaigns and allowed us to really engage staff with simple housekeeping issues that can make a lot of difference ."

Environmental Manager, Whitbread/ Costa Coffee

"We are very proud to be one of the first organisations globally to achieve this standard which emphasises the ongoing commitment of the royal Mint to sustainability and world class energy management systems."

Chief Executive, Royal Mint

**“** Every business can improve. That's what we believe at NQA and it's what we're here to achieve. Our certification and training services enable businesses to implement change and build for future success.

We understand the challenges your business faces on a daily basis. It takes passion, commitment and hard work to make a company succeed. We focus on understanding our customers and learning about their ambitions.

We help organizations of all sizes perform better and build on these improvements year on year. For example, we help Costa Coffee improve energy efficiency; Jaguar Land Rover manage safety and Jacuzzi deliver consistent quality time after time.

We are grateful for this opportunity to support your company and hope this marks the beginning of a strong partnership. **”**
